

Desolan NT

Concentrated agent for odor removing in perchloroethylene and hydrocarbon solvent

According to the requirements, **Desolan NT** may be added to the drycleaning bath either concentrated or diluted with the drycleaning detergent or pre spotting agent.

Application of pure Desolan NT:

In a 2-bath cleaning process, **Desolan NT** is added to the second bath. Dosing is possible by means of the dosing device or in combination with the drycleaning detergent.

Basic concentration: 0.1 - 0.25 ozs of **Desolan NT**
per gal of solvent in the tank(s)

Addition: 0.2 - 0.5 ozs of **Desolan NT**
per 10 gals of solvent in the drycleaning bath

Application of Desolan NT in combination with the drycleaning detergent:

Desolan NT is perfectly compatible with all our drycleaning detergents and proves to be well miscible, too, with other commercial products. In case of permanent use of **Desolan NT**, we recommend to mix the product with the drycleaning detergent and to feed this mixture into the drycleaning bath via automatic dosing device.

According to dosage

and effect required, use 7.5 - 12 ozs of **Desolan NT**
per gal of drycleaning detergent

Add the required amount of **Desolan NT** into the container with the drycleaning detergent and mix both products by strongly shaking the container. The mixture will remain clear and stable so that, in most cases, no re-mixing will be required.

HEALTH AND SAFETY RECOMMENDATIONS:

Precautions: Keep out of the reach of children. When using, do not eat or drink. Avoid contact with skin and eyes. Wear suitable gloves and eye/face protection.

First Aid: After contact with skin, take off immediately all contaminated clothing and wash immediately with plenty of water. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. In case of insufficient ventilation, wear suitable respiratory equipment. In case of accident, or if you feel unwell, seek medical advice immediately (show label where possible). If swallowed, seek medical advice -immediately and show container or label.
