Ferrol N

Post-spotting agent for stains of rust and other metallic oxide

The information provided herein is given on an advisory basis which does not imply any liability on our part. For further details see our relevant safety data sheet prior to use !

Ferrol N solubilizes rust, verdigris and other metallic oxides at the base of oxalic acid.

APPLICATION: Apply **Ferrol N** to the stain and allow to react without any mechanical action. Careful heating with steam will enhance the **Ferrol N** action.

Neutralize **Ferrol N** with an alkaline solution such as **Blutol** after treatment and flush off the textiles with water or steam.

- ATTENTION:**
- For safety reasons, **Ferrol N** must never get into dry cleaning machines.
 - **Ferrol N** may damage metal threads or threads with metallic effect.
 - **Ferrol N** is caustic and must not get into contact with skin, the eyes or glass.
 - **Ferrol N** to be stored in original packing only !
 - In case of sensitive textiles, dyes and prints, we recommend to try the product reaction on the seam prior to spotting.
 - Do not intermix spotting agents !

HEALTH AND SAFETY RECOMMENDATIONS:

Precautions: Irritating to eyes and skin. Risk of serious damage to eyes. Keep out of the reach of children. When using do not eat or drink. Avoid contact with skin and eyes. Wear suitable gloves and eye/face protection. Harmful if swallowed.

First Aid: After contact with skin, wash immediately with plenty of water. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Take off immediately all contaminated clothing. In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible). If swallowed, seek medical advice immediately and show this container or label.

**ONLY TO BE USED BY PROFESSIONAL TEXTILE CLEANERS !
FOR INDUSTRIAL USE ONLY !**
