

Viva Top

Concentrated liquid retexturing agent for use in wetcleaning, suitable for all kind of textiles

Viva Top is a organic solution of synthetic polymers, citric acid and protein-based caring substances which effectively prevent unpleasant electrostatic charges. **Viva Top** is suited for all woven materials and fabrics made from natural and synthetic fibers and can be used both for colors and whites. **Viva Top**, in its capacity as a protective colloid, reduces the danger of color-bleeding and minimizes the possibility of felting and shrinkage.

The components of **Viva Top** are biodegradable by over 90%.

Application:

Dosage: 0.65 - 1.28 ozs of **Viva Top**
per gal of water resp.

or 3.8 - 6.1 ozs of **Viva Top**
per 10 lbs of textiles to be treated (bath ratio 1:4 to 1:5)

When used in the washing machine, addition to be made to the final rinse.

Viva Top can be added via automatic dosing devices or the appropriate product hopper on the washing machine.

Health and Safety Recommendations:

Precautions: Keep out of the reach of children. When using, do not eat or drink. Avoid contact with skin and eyes. Wear suitable eyes/face protection. In case of insufficient ventilation, wear suitable respiratory equipment.

First Aid: In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. After contact with skin, take off immediately all contaminated clothing and wash immediately with plenty of water. In case of accident, or if you feel unwell, seek medical advice immediately (show label where possible). If swallowed, seek medical advice immediately and show container and label.
